EVEN Secretary CARLISLE has to admit that the production of tin-plate is steadily increasing, in spite of hard times, which causes a decrease in almost every other form of production. Where be those voluble liars who were proclaiming from every stump that we could never make our own tin-plate?

THESE are not THE LEDGER'S "croaks." They are simply "howls" from the industries and workingmen that were promised such prosperity-when Mr. CLEVELAND and the Democratic party got into power:

PARKERSBURG, W. VA., April 12th -The Standard Oil Company discharged temporarily, on account of hard times, thirtyfive men today. They are from the yard

Indianapolis, Ind., April 12th.-The strike of the Indianapolis painters was declared off today, the strikers accepting the employers' scale, which ranges from twenty-five to twenty-seven and a half cents an hour.

LEBANON, IND., April 12th.-The laborers employed by the new water-works company of this city went out on a strike at noon today. They were paid for each rod excavated, and under the present rate were unable to make more than a dollar per day.

BIRMINGHAM, ALA., April 19th.-The General Council of the United Mine Workers of Alabama, after a seven days' session, tonight ordered a strike against the Tennessee Coal, Iron and Railway Company. It involves some 8,000 men. The operators are indifferent and the miners can ill afford to lose work.

WINSTED, CONN., April 12th .- Employes of the Gilbert Clock Company were notified that beginning next week the factory will run five days in a week.

Utica, April 12th .- A reduction of from 5 to 10 per cent. has been made in the wages of operatives in the large Globe Woolen Mills. It is the second cut within a short time.

[To be continued throughout the entire existence of this Democratic-British-Free-trade-Administration.]

KENTUCKIANS DISPLEASED.

The Florid Plea of Col. Phil Thompson is Condemned.

Colonel Phil Thompson's address to the jury in Judge Bradley's Court at Washington is not meeting with the general six of different dates. approval usually given to the utterances of a distinguished Kentuckian by his "home" people.

His words: "The jury was not to punish Colonel Breckinridge for immorality. All the great men in the world have had their troubles with women. When Julius Cæsar was not making laws he was making love to Cleopatra. David put Uriah in the front rank of the battles because DAILF. he looked on the man's wife, and she was lovely. If there were any great men who The Aggressive Republican Journal of the Metropolis - A Newspaper for the Masses. were not fond of women they were great hypocrites. I do not see why this man, who is no worse than the rest of us, only he has been discovered and we have not, should be punished, unless we are to be Circulation Over 100,000 pies Daily. hypocrites," are not pleasing to the people of Colonel Breckinridge's District. There are many men who, though they have never attained greatness like the "silver-tongued," do not care to have their lives compared with that of the Ashland District Representative in a moral sense.

If Colonel Thompson had noticed the Ken.ucky press during the past two weeks sufficiently to have seen what an outburst of indignation went up against Mrs. Cuthbert Bullitt of Louisville for similar language, he would have probably

eliminated that from his address. Another utterance of Colonel Thompson which is creating no end of criticism is where he says: "Both of them were pursuing a course of immorality agreeable to both, and were telling any little lies hat came along to help each other out. Every man in Court has told lies about these little domestic matters." Even Colonel Breckinridge's friends admit that als chapces are desperate when it beomes necessary to run down mankind in sucral to clear Colonel Breckinridge.

SENATOR MURPHY says that "the Tariff question may not be settled until next November." We can assure him that it will be settled then by a vote which will make the revenue deformers feel that this life has little left for them.

Ex-GOVERNOR RUSSELL of Massachusetts was asked if he would be the Democratic standard-bearer next fall, and he replied good naturedly: "Why, bless your soul, we are going to have a landslide here, and I don't want to be pointed at as the man who was defeated by the largest majority given for years in Massachusetts. I think somebody ought to have it, some young man who wants to build up his law business and establish a reputation as a good fighter."
